LAVISH®
CRAFTED UNIQUELY

We nurture the seed of passion with persistence. That is the story of Lavish Group. At LAVISH, we understand that companies that design their goals and strategies around their strengths and downplay their flaws will operate successfully in an evolving market. Therefore, we undertake market study and formulate products accordingly. Besides, our strong employee attitude, personal relationship with customers, and improved innovation at every stage help us design products that are in much demand. Moreover, the LAVISH GROUP has a large export share, making it a company of high integrity and the most trusted source for ceramic tiles among different countries. Initially, making a foray into India's established tiles industry, beating the competition, and creating a mark of distinction was never an easy journey, yet with its commitment to quality, innovation, and creativity, today, LAVISH GROUP has become one of the largest manufacturers and exporters—50+ countries worldwide—of ceramic wall and floor, double charge vitrified tiles, polished vitrified tiles, glazed vitrified tiles, and digital tiles.

With strong adherence to ISO 9001 guidelines, Lavish Group imparts a touch of perfection and absolute finesse in its product range resulting from world-class production infrastructure that also involves stringent quality control and a great emphasis on research and development. From commercial establishment to residential, when it bears the mark of Lavish perfection, it becomes the benchmark of innovation and sophistication.
