

We nurture the seed of passion with persistence. That is the story of Lavish Group. All our companies: Lavish Ceramics, Liva, Lavish Granito, Silk Ceramics and Lakme Vitrified tiles fall under the umbrella of Lavish Group. All these companies manufacture tiles that define the look and feel of a space while also adding a sense of grandeur and splendour. Although, making a foray into India's established tiles industry, beating the competition and creating a mark of distinction was never an easy journey, yet with its commitment to quality, innovation and creativity, today,

LAVISH GROUP has become one of the largest manufacturers and exporters—35+ countries worldwide—of ceramic wall and floor, double charge vitrified tiles, polished vitrified tiles, glazed vitrified tiles and digital tiles. With strong adherence to ISO 9001 guidelines, Lavish Group imparts a touch of perfection and absolute finesse in its product range resulting from world-class production infrastructure that also involve stringent quality control and a great emphasis on research and development. From commercial establishment to residential, when it bears the mark of Lavish perfection, it becomes the benchmark of innovation and sophistication.

WALL & FLOOR TILES

Be it Wall Tiles or Floor Tiles ; our expansive range exhibits unbelievable versatility . The Wall Tiles collection offers impeccable solutions to clad your kitchen or bathroom walls or pretty much any wall that needs to look eternally beautiful . On the other hand , our Floor Tiles Collection lets you explore from Vitrified , Porcelain , Matt , Wooden or Soluble as per your choice and need of the decor . Across the world , our floor and wall tiles collection has garnered praise and acceptance owing to its durability , consistency and design choices . Whether to give contemporary modern touch or an evergreen classic look , our collection suffice your need with a wide range of colors , finishes , styles and designs for every space .

Glazed Porcelain Tiles

Soluble Salt Tiles
60x60cm

Discover a whole new concept of space embellishment with the GT series. Amalgamating together the charm of stone and elegance of wood to incite the implicit aura of grandeur in your surroundings.

CLASS:5

STAIN RESISTANCE

Stain Resistance Test is classified from Class 1 to Class 5. This test determines a surface's stain resistance.

Staining tests are performed by exposing the tile surface to test solutions and dry staining agents over an extended period. After the staining agent has been removed from the tiles using a mixture of cleaning processes, they are visually examined. In this test, we have achieved class-5, which is maximum class we can achieve in Porcelain Tile!

CLASS:7

HARDNESS MOH SCALE

We have got class 7 in this test, which is the highest you could achieve in Porcelain Tile.

This is a hardness scale ranging from 1 (talc) to 10 (diamond) that is used to determine the scratch resistance of a material. Porcelain tile is usually comes with mohs scale 5 to 6, whereas as LAVISH's GT series has got class 7.
